> On the tox and contamination-yes. It was my understanding that you were providing us with much more info : liability, compensation, etc., the other issues that will likely be the source of the greatest anger. I don't want to be in a position of saying repeatedly: I don't know. A little help on those topics would be greatly appreciated.

We will need to know what said about risk and water use so we can notify AA/RA level folks, as well as elected officials. I know you'll be measured, but if new information is publicized coming out of that meeting, we want to minimize surprise. Please call me after the meeting. 303-917-8776. Thanks.
